PHP Developer Iknoor Technology Pvt. Ltd. — New Delhi	Aug 2022 – Feb 2024
PHP Developer Planetecom Solutions Pvt. Ltd. — New Delhi	Feb 2021 – Jun 2022

KEY RESPONSIBILITIES

- Designed and delivered end-to-end (E2E) web applications — from requirement gathering to production deployment
- Wrote clean, optimized, and reliable code following industry standards and best practices
- Architected and continuously improved backend systems for scalability, performance, and maintainability
- Integrated LLM APIs and built AI-powered agentic workflows using LangChain and LangGraph
- Led and managed development teams — task allocation, sprint planning, code reviews, and delivery tracking via Jira
- Handled client meetings, captured business requirements, and translated them into actionable technical solutions
- Managed QA processes — defined test cases, tracked bugs, and ensured quality before every release
- Collaborated with designers, QA, and product teams to deliver usable, efficient products
- Authored functional requirement documents, technical guides, and API documentation
- Consistently adopted emerging technologies and frameworks relevant to project needs
